## Merger final!

**It's official**—the merger between Safeway Rocky Mountain Federal Credit Union and DPS Credit Union has won final regulatory approval. So what does this mean for members? It means that soon you will be able to take advantage of more locations, products and services.

Careful planning is under way to merge the operations of the two credit unions into one dynamic organization. As always, members will be kept informed at key points along the way. In particular, you will be informed in advance of changes to day-to-day operations. Watch for updates in the mail, on the web or at your local branch.

### Business-as-usual until operations merge

*Members will be told ahead of time*

Even though the merger has won final approval, members won't notice significant changes for many months. The credit union is carefully planning and coordinating to ensure a smooth transition into one organization.
